6. The timetable for the weekend will be announced in any Final Instructions issued directly to all registered Competitors prior to the meeting via email.
 - 6.1. Signing-on and Scrutineering times will be included in the Final Instructions:
 - a) it is imperative that Competitors adhere to the times allocated to avoid undue delays. If any Competitor fails to sign-on or complete scrutineering in the

allotted time they may be reported to the Race Director and/or Stewards of the Meeting who may impose a penalty that may include Missing a Practice, Timed Qualifying or race.

- b) if it is anticipated that you will be unable to make the allotted times for exceptional and valid reasons then please advise the Event Secretary who, following liaison with the Race Director, may make alternative arrangements. If this is not possible 6.1a) above applies.

7. Meeting Format

Saturday - Practice & Timed Qualification
Sunday - Warm Up, Heats & Final

8. Time Qualifying & Scoring

8.1 Grid positions for the heats will be determined by Timed Qualifying.

All classes will be provided up to a 6-minute Qualifying session and each driver must participate in their designated group and will be confirmed in the Final Instructions. The schedule for the Timed Qualifying groups will be posted on the Official Notice Board. Should any driver miss their designated group they will be reported to the Stewards of the Meeting and not permitted to join another and shall be placed at the back of the starting grid for the Heats this does not preclude the Stewards of the Meeting imposing any further penalty. The results from Timed Qualifying will dictate grid positions for the Heats. A driver may complete as many laps as they wish during this session and all laps will be timed;

Driver's average time calculated from their fastest 3 laps during their timed qualifying session will be used as their qualifying time for drivers completing less than the required minimum 3 laps their average lap time will still be calculated and then ranked initially by laps completed and then by average time behind drivers completing more than 3 laps. Should a driver have their fastest lap cancelled due to a penalty the next fastest 3 laps will be used for calculating their average time.

If there is more than one session the fastest average time achieved in the fastest session (fastest average time overall) will be given 1st place 2nd place goes to the fastest average time in the other session 3rd place to the 2nd fastest in the fastest session (or fastest in the 3rd session if one is required) and so on to determine the combined results order.

Any driver who fails to complete at least one lap will start at the back of the grid.

Timing will commence when the green flag or green light is shown.

As soon as the driver exits the track their session has ended and re-entry to the track is not permitted.

In the event of a tie of average time in Timed Qualifying the driver's fastest single lap time will be considered and the driver with the fastest single lap time awarded the higher

ranking. If still tied then the 2nd single fastest times will be considered and so on until a clear winner is established.

8.2 Any driver considered to be baulking or blocking another driver will be penalised (Q.12.21.1) by loss of up to their 3 fastest lap times. This does not prohibit the Stewards of the Meeting disqualifying the driver from the classification if necessary.

8.3 The maximum grid for Bambino is 22

Points will be awarded in the Heats, and these will count towards grid positions for the Final.

Points for the Heats will be allocated 0 pts for 1st place 2 pts for 2nd place 3 pts for 3rd place and increasing by 1 point down the heat classification.

Non-finishers will be classified according to the number of full laps completed and order of stopping and shall be classified in that order and allocated points accordingly; and any driver that does not start a Heat will be classified after any non-finishers in the Heats whether they present themselves to the grid or not and in grid order if more than one and allocated points on that basis. It is not permitted to use any tools on the pre grid and drivers and karts must be present on the grid by the time specified in the official documents regulation 15.1 applies

8.4 In the event of a tie for grid positions for the final the higher finishing position from Timed Qualifying will take the higher grid position.

8.4.1 After the completion of the heats the intermediate classification will determine the grid positions for the final with the highest-ranking driver on pole.
