All classes will be provided up to a 6-minute Qualifying session and each driver must participate in their designated group and will be confirmed in the Final Instructions. The schedule for the Qualifying Practice groups will be posted on the Official Notice Board. Should any driver miss their designated group they will be reported to the Event Stewards and not permitted to join another and shall be placed at the back of the starting grid for the Heats this does not preclude the Event Stewards imposing any further penalty. The results from Qualifying Practice will dictate grid positions for the Heats. A driver may complete as many laps as they wish during this session and all laps will be timed.

A Driver's fastest lap time during their Qualifying Practice session will be used as their qualifying time. Should a driver have their fastest lap(s) cancelled due to a penalty the next fastest lap will be their Qualifying time.

If there is more than one session the fastest time achieved in the fastest session will be given 1st place 2nd place goes to the fastest time in the other session 3rd place to the 2nd fastest in the fastest session (or fastest in the 3rd session if one is required) and so on to determine the combined results order.

Any driver who fails to set a time during Qualifying Practice will be placed behind all Competitors who have set a time in numerical order, any Competitors who are DSQ from Qualifying Practice will be placed behind Drivers with no time set in numerical order.

Timing will commence when the green flag or green light is shown.

As soon as the driver exits the track their session has ended and re-entry to the track is not permitted.

In the event of a tie in Qualifying Practice, the driver's 2nd fastest time will be considered and the 2nd fastest time awarded the higher ranking. If still tied then the 3rd fastest time will be considered and so on until a clear order is established.

8.2 Any driver considered to be baulking or blocking another driver will be penalised by loss of up to their 3 fastest lap times. This does not prohibit the Event Stewards disqualifying the driver from the classification if necessary.

Points will be awarded in the Heats, and these will count towards grid positions for the Final.

Points for the Heats will be allocated 0 pts for 1st place 2 pts for 2nd place 3 pts for 3rd place and increasing by 1 point down the heat classification.

Non-finishers will be classified according to the number of full laps completed and order of stopping and shall be classified in that order and allocated points accordingly; and any driver that does not start a Heat will be classified after any non-finishers in the Heats whether they present themselves to the grid or not and in grid order if more than one and allocated points on that basis.
